Location: San Francisco, CA | LinkedIn: [linkedin.com/in/sarahchen](https://www.linkedin.com/in/sarahchen) | GitHub: github.com/sarahchen

PROFESSIONAL SUMMARY

Results-driven software engineer with 6 years of experience building scalable backend systems. Expert in Python, FastAPI, and cloud infrastructure. Proven track record of improving system performance and mentoring junior developers.

TECHNICAL SKILLS

Languages: Python, JavaScript, SQL, Go

Frameworks: FastAPI, Django, Flask, React

Databases: PostgreSQL, Redis, MongoDB

Cloud & DevOps: AWS (EC2, S3, Lambda, RDS), Docker, Kubernetes, Terraform

Tools: Git, GitHub Actions, Datadog, Sentry

PROFESSIONAL EXPERIENCE

Senior Software Engineer | TechCorp Inc. | San Francisco, CA

March 2022 - Present

- Architected and implemented microservices handling 2M+ daily requests using FastAPI and PostgreSQL
- Reduced API response time by 40% through database query optimization and caching strategies
- Mentored 3 junior engineers on best practices for code review, testing, and system design
- Built CI/CD pipelines using GitHub Actions, reducing deployment time from 2 hours to 15 minutes
- Implemented OAuth2 authentication system securing 500K+ user accounts

Software Engineer | CloudScale Systems | San Francisco, CA

June 2019 - February 2022

- Developed RESTful APIs serving 10K+ requests per second with 99.9% uptime
- Designed and implemented async task processing system using Celery and Redis
- Collaborated with frontend team to integrate GraphQL endpoints
- Wrote comprehensive unit and integration tests achieving 85% code coverage
- Participated in on-call rotation, resolving production incidents with <30min response time

Junior Software Engineer | StartupVentures | Palo Alto, CA

August 2018 - May 2019

- Built backend features for SaaS platform using Django and PostgreSQL
- Implemented email notification system processing 50K+ emails daily
- Fixed critical bugs and improved application stability
- Contributed to technical documentation and API specifications

EDUCATION

Bachelor of Science in Computer Science | UC Berkeley | 2018

GPA: 3.7/4.0

PROJECTS & ACHIEVEMENTS

- Open Source Contributor: Contributed 15+ pull requests to FastAPI and SQLAlchemy projects
- Tech Blog: Published 12 articles on Python best practices, reaching 50K+ readers
- Hackathon Winner: 1st place at SF TechCrunch Disrupt 2021 for ML-powered recommendation engine

CERTIFICATIONS

- AWS Certified Solutions Architect - Associate (2023)
- Professional Scrum Master I (PSM I) (2022)
