

KEVIN PATEL

Data Scientist

kevin.patel@email.com | (312) 555-0189 | Chicago, IL

LinkedIn: [linkedin.com/in/kevinpatel](https://www.linkedin.com/in/kevinpatel) | GitHub: github.com/kpatel-ds

PROFESSIONAL SUMMARY

Data scientist with 4 years of experience extracting insights from complex datasets and building predictive models. Strong background in statistical analysis, machine learning, and data visualization. Passionate about turning data into actionable business recommendations.

TECHNICAL SKILLS

Languages: Python, SQL, R

Data Science: scikit-learn, Pandas, NumPy, SciPy, statsmodels

Visualization: Matplotlib, Seaborn, Plotly, Tableau, Looker

Machine Learning: Regression, Classification, Clustering, Time Series, Ensemble Methods

Tools: Jupyter, Git, Docker, Airflow (basic)

Databases: PostgreSQL, MySQL, BigQuery

Cloud: AWS (S3, EC2), GCP (basic)

WORK EXPERIENCE

Data Scientist | Analytics Labs | Chicago, IL

May 2021 - Present

- Built predictive models for customer churn reducing attrition by 15% (\$2M annual savings)
- Developed time series forecasting models for demand prediction with 92% accuracy
- Analyzed A/B test results and provided statistical recommendations for product features
- Created automated reporting dashboards in Tableau serving 30+ stakeholders
- Collaborated with engineering team to deploy ML models to production using Flask APIs
- Mentored junior analyst on statistical methods and data visualization

Data Analyst | RetailCorp | Chicago, IL

June 2020 - April 2021

- Performed exploratory data analysis on customer behavior datasets (5M+ records)
- Built SQL queries for data extraction and reporting

- Created executive dashboards tracking KPIs and business metrics
- Conducted cohort analysis identifying high-value customer segments
- Presented findings to senior leadership and recommended strategic actions
- Automated monthly reporting reducing manual work by 20 hours per month

Junior Data Analyst | MarketingFirm | Evanston, IL

July 2019 - May 2020

- Cleaned and preprocessed data for analysis using Python and Pandas
- Performed statistical analysis and hypothesis testing
- Created data visualizations for client presentations
- Assisted with survey design and analysis
- Learned SQL and database querying fundamentals

EDUCATION

Master of Science in Data Science | Northwestern University | 2019

GPA: 3.8/4.0

Relevant Coursework: Machine Learning, Statistical Inference, Data Mining, Big Data Analytics

Bachelor of Science in Statistics | University of Illinois | 2017

Minor: Computer Science | GPA: 3.6/4.0

PROJECTS

- Kaggle Competitions: Top 5% in 2 competitions (house prices, customer segmentation)
- NLP Project: Sentiment analysis of product reviews using BERT (95% accuracy)
- Time Series: Stock price prediction using LSTM and Prophet models

CERTIFICATIONS

- Google Data Analytics Professional Certificate
- DataCamp Data Scientist with Python Track (completed)

PUBLICATIONS & PRESENTATIONS

- Presented "Practical ML for Business" at Chicago Data Science Meetup (2023)
- Co-authored article on customer analytics published in company tech blog

ADDITIONAL INFORMATION

- Active member of Chicago ML and Data Science meetups
- Completed online courses: Andrew Ng's ML course, fast.ai, statistical learning
- Familiar with experimental design and causal inference techniques
